

To all St. Charles Businesses:

The Economic Development Division (EDD) works to create a business-friendly environment within the City by retaining existing businesses, encouraging commercial growth, and maintaining a stable tax base. Some of the services of the EDD are:

- Maintain a database of St. Charles businesses in order to make referrals and communicate news of interest to the business community. Key information such as name, address & phone number is uploaded to the **Business Listings section of the City web site:** www.stcharlesil.gov/edd (unless confidential status is requested).
- Assist the business community with **publicity options.**
- Promote and encourage St. Charles **business-to-business exchange of goods and services.**
- Maintain a database of **available business sites and buildings.** Listings are provided at no cost to the property owner. Inquiring parties are directed to the owner or designated liaison and database information is used to match businesses with available properties. Contact the EDD if you are seeking to relocate or expand your business within St. Charles for a current list of available commercial properties.
- Assist existing businesses and prospective new businesses with business planning by providing **demographic information, site data, economic statistics, and resource referrals,** including assistance with moving through the City's development process efficiently.
- Work with development partners to promote positive images of St. Charles businesses; coordinate marketing materials; participate in trade shows; solidify market niches for business districts.
- To find out more about services offered by EDD visit us on the web at www.stcharlesil.gov/edd.

I hope you will also make contact with these development partners, which serve our business community:

In addition to the information compiled by the EDD, the Police and Fire Departments maintain a Business Security Information database. This tool contains alarm and emergency contact information, as well as information about the police Alarm Systems Ordinance. The accuracy of this information is critical to the security of your business. For further information, please contact Kim Schult, Police Records Division Manager, at 630-443-3717 or Nonda Anderson, Fire Department Sr. Administrative Assistant, at 630-762-6978.

Please complete the information form attached with this page so we may enter your business into the appropriate databases. Note: Some information may not apply to your business – complete as much information as you can. All information provided to the Economic Development, Fire, and Police Departments is confidential and is not made available to any solicitors, companies, organizations, or individuals.

Thank you for choosing St. Charles for your business investment! Please call the Economic Development Division if we may be of service to your business or if you have any questions regarding this form.

Sincerely,

Chris Aiston
Director, Economic Development
